Re: Reference for Workz4U Conference Management

This reference is written on behalf of the New Zealand Pain Society to acknowledge the professionalism and competence of Donna Clapham and her company Workz4U Conference Management.

Workz4U have organised the Society's Annual Scientific Meeting for the past three years and during that time we have found them to be a very efficient team that has helped make our meetings a great success. The Society had the misfortune of having to cancel one conference at short notice because of the catastrophic earthquake in Christchurch. Donna worked meticulously to make certain that alternative options for the meeting were presented before dealing with the cancellation including completing the necessary insurance formalities. Her prompt and professional approach meant the Society did not suffer financially.

All the local organising committee's have found Donna and her team friendly, courteous and a pleasure to work with and dedicated to doing the job well. Donna maintains a high standard of work and Workz4U provides a highly competent service for all aspects of conference management.

We look forward to working with her for the 2014 ASM.

Yours sincerely,

A handwritten signature in black ink, appearing to read "A Drake".
